Will Bring Suit Against Indian Inspector for Closing His Office.

W. G. Crump, Esq., who last week remitted his trial for the present quarter, refused yesterday to pay back taxes since March 1932, and two Indian police were sent down to take charge of his office.

Mr. Crump has an office in the Venable block, and was not in when the police took charge. A representative of the Indian inspector called upon Mr. Crump during the day, and he said that, as he had paid his tax for the present quarter, he could not be legally closed. Mr. Crump was in his office nearly all day, but about 4 o'clock went to the United States court house to try a case before Commissioner Lowrey, and was there when the police closed his doors, refusing admittance to all persons.

Prominent attorneys say that Mr. Crump has good ground for damages, as he is violating no law since he has paid the tax for the present quarter. The back taxes, it is held, is simply a debt which is overdue, and it is said that the case will be fought on this ground. Mr. Crump was detained at the court house until very late, and would not discuss his plan of action, but the police departed at 5 o'clock, leaving the office as they had found it.—Phone 111.

**Quality vs. Quantity.**

Hard muscles and strong body do not depend upon the quantity of the food you eat, but on its perfect digestion and proper assimilation. When you take Kodol Dyspepsia Cure your system gets all the nourishment out of all the food you eat. It digests what you eat regardless of the condition of the stomach and conveys the nutriment properties to the blood and tissues. This builds up and strengthens the entire system, overcomes and cures indigestion, dyspepsia, bloating, sour stomach, etc. Kodol Dyspepsia Cure for what is sometimes called America's national disease—Dyspepsia—is destined to eventually work a wonderful and lasting benefit to sufferers from this distressing and mind-barring condition. Sold by all druggists.

**BIRTH OF THE FOUR POST BEDSTEAD.**

In medieval times, when life was very insecure, it was usual for people to sleep on a bed which was surrounded by sides of boards with strong posts at the four corners. These sides contained sliding doors, which could be fastened inside. When men retired to rest they took a weapon with them. If attacked by the noise made by the crashing of their wooden defenses and were able to defend themselves. When the law became strong enough to protect human life the sides of the bedstead were gradually dispensed with, but the four posts remained. The bedstead still survives in the rural parts of Scotland and is almost necessary where the earthen floors and imperfect ceilings cause much damp. Emily Bronte in "Wuthering Heights" describes one of these bedsteads in the old mansion as forming a "little closet." Mr. Lockwood, who had to sleep in it, says, "I slid back the panel sides, got in with my light, pulled them together again and felt secure."

**Nerve of a Wounded Soldier.**

One day an army surgeon was dressing the wound of a soldier who had been shot in the neck near the carotid artery. Suddenly the blood vessel gave way, and just as quickly the surgeon thrust his finger into the hole to stop the flow.

"Doctor," said the soldier, "what does that mean?"

"It means death," said the surgeon calmly.

"How long can I live?" asked the soldier, whose mind was perfectly clear.

"Until I remove my finger," said the doctor.

The soldier asked for pen and paper, wrote his will and an affectionate letter to his wife, and when the last thing was done said quietly:

"Let it go."

The surgeon withdrew his finger, the blood rushed out, and in a few moments the man was dead.—Cleveland Plain Dealer.

**RETURNING ALLOTMENT DEEDS.**

Dawes Commission Being Flooded With Papers in Response To Notices.

Muskogee, I. T., June 22.—Deeds that have been delivered to allottees of the Chickasaw and Choctaw Nations without the approval of the secretary of the interior are being returned to the Dawes Commission with requests that they be submitted for approval and record. Chairman Hixby stated this morning that he believed that half the deeds delivered by Governors Johnston and McCurtain had been returned to the commission. These deeds are those delivered to Indians, not full-bloods, and came in response to the positive orders of the secretary of the interior and notices posted all over the Creek Nation by the commission. The full-bloods who received their deeds cannot read these notices and would not understand them if they did and they are not likely to return their patents.
